

## Project Portfolio

Waterfront Marketing Suite  
Chatham Kent  
C/O Medway Development Company

### Background

#### Pentagon Bus Station:

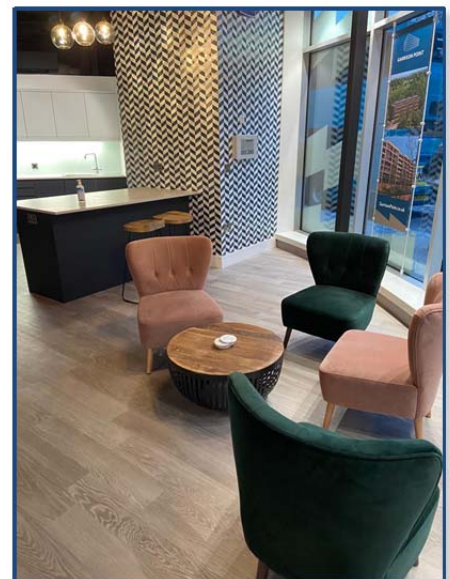

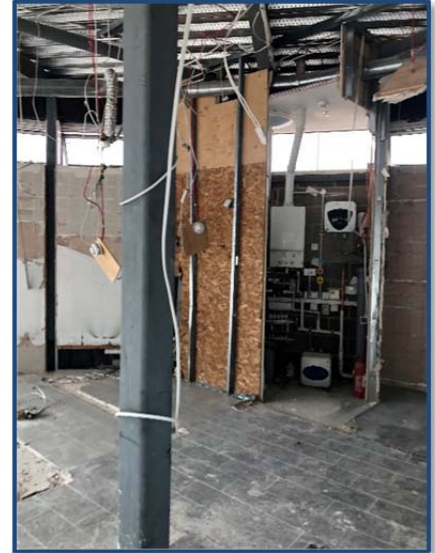

Springbank Contractors were commissioned to create and form a sales marketing suite for the new developments in Chatham.

### Scope of Works

The key elements of the works were to strip out the existing building (old bus information centre) so the client could achieve a new modern spin on a sales suite.

A gold and teal colour pallet was chosen with an industrial look and open ceiling showing the underside of the metal roof deck, along with adding some dummy ducting and modern drop lighting.

New flooring was installed the building was fully painted and new electrics added along with a bracketed TV and modern furniture to enhance the stylised look.
